This is in response to the second renewed petition under 37 C.F.R. §1.47(a)¹, filed May 20, 2005.

On December 31, 2003, the application was deposited, identifying Michael Palumbo, John Baross, and Mark P. Evans as joint inventors. The application was deposited without an oath or declaration. or declaration, and a surcharge of \$130.00 were required. This Notice set a two-month period for reply.

Along with the original petition, Petitioner submitted the petition fee, the surcharge, the basic filing fee, and a four-month extension of time. Petitioner also included a declaration that has been executed by each of the joint inventors save inventor Baross. The original petition, submitted on October 29, 2004, was dismissed via the mailing of a decision on January 7, 2005, for failure to establish that a complete copy of the application was sent to the non-signing inventor.

The renewed petition was received on March 7, 2005, and was dismissed via the mailing of a decision on March 18, 2005 for failure to establish that a complete copy of the application was sent to the non-signing inventor.

With the present petition, it has been established that a complete copy of the application was sent to the non-signing inventor. As such, the petition under 37 C.F.R. §1.47(b) is **GRANTED**.

The above-identified application and papers have been reviewed and found in compliance with 37 CFR 1.47(a). This application is hereby accorded Rule 1.47(a) status.

As provided in Rule 1.47(c), this Office will forward notice of this application's filing to the non-signing inventor at the address given in the petition, not the Declaration. Notice of the filing of this application will also be published in the Official Gazette.
